4275 Executive Square Suite 200, La Jolla CA 92037

This is to certify that representative samples of: **SHP-1001, SHP-1001S/Polystyrene (PS)**
covered under the category: **Plastics (QMFZ2)**
have been investigated by UL in accordance **IEC 60695-11-10, Fire Hazard Testing-Part 11-10: Test Flames-50 W Horizontal and**
with the following standard(s): **Vertical Flame Test Methods**
UL 746S Evaluation of Sustainable Polymeric Materials for Use in Electrical Equipment,
Sec 6: Mechanically Recycled Plastics

For additional information please see the [UL Product iQ™](#) and the [Product Certification](#)

Only those products bearing the UL Certification Mark should be considered as being covered by UL's Certification and Follow-Up Service.

Recognized components are incomplete in certain constructional features or restricted in performance capabilities and are intended for use as components of complete equipment submitted for investigation rather than for direct separate installation in the field. The final acceptance of the component is dependent upon its installation and use in complete equipment submitted to UL Solutions.

Look for the UL Certification Mark on the Product
